BTS Spreads Holiday Cheer to Soldiers in the Field

Industry innovator sends care packages to soldiers from Maryland currently serving in Afghanistan.

Columbia, MD— Today, BTS™, a leading provider of tactical 3G/4G cellular communications technologies for the U.S. Government and private sector, sent care packages to soldiers currently serving in Afghanistan.

BTS employees generously donated items including toiletries, food, DVDs, books and holiday items for care packages that were packaged up and sent to two Army units from Maryland.

“Many of us at BTS have served in Afghanistan or Iraq and we remember how useful those care packages were,” said Sean Lane, BTS CEO. “We are now working stateside to make the Battlefield safer for the Warfighter, and we want to share our blessings with those still fighting at the tactical edge.”

Since the company’s formation in 2008, the BTS mission is to pioneer, refine and distribute unique technical solutions to State, Federal, and Commercial markets to achieve communications and information dominance. Through a combination of innovative technical products and integration, high-quality professionals, and first-rate delivery execution, BTS focuses on addressing customer’s immediate and critical operational needs.

“BTS” is a trademark of BTS, LLC.
